Dear Editor: The "Decorated Marine" who wanted to know what dialectical materialism is, again proves the unfortunate fact that most Americans are not familiar with their most serious threat—communism.

FBI Director J. Edgar Hoover, in his book, "Masters of Deceit," which lays bare the truth about the Communist Party and its threat to our way of life, defines dialectical materialism as the "philosophy and world outlook that undergirds communism."

If every American family would invest the few cents this book costs, communism could be dealt a death blow, because knowing the nature of one's enemy is the first step towards victory. These few pennies would really be a cheap enough price to pay for life, liberty and the pursuit of happiness.

Your recent remarks in the American Bar Association's Journal on distorted information on Communism is of great interest to many Americans.

The anti-communist movement that is gathering over the country is of grave concern to many of us and I like all good Americans realize you are the best authority on this subject in America.

I have read many conflicting reports of your warnings not reaching the proper authorities, being withheld at lower desks in the State Dept. and even in the White House. These are the things that worry and concern most of us.

I have read your book on this subject and it appears your warnings go unheeded. Incidentally, it is the best thing I have ever read on the subject. I wish it were possible for you to spread the light you speak of and we need so badly.

I wish to take this opportunity to thank you for your fine service to our country. You are a great American.

Mr. J. Edgar Hoover
 Director: Federal Bureau of Investigation
 Washington 25, D. C.

Dear Mr. Hoover:

Your long years of dedicated service, personal sacrifice and unswerving loyalty to your job can be measured only in value of the freedom and liberty of every citizen of this great country of ours. I dare say that were it not for the work of you and those who serve with and under you, this great country of ours might conceivably have been taken over by Communist tyranny or some other dictator of totalitarianism or crime.

Your book, "Masters of Deceit" shocked and further awakened me to this terrible threat of Communist infiltration and take-over. Our freedom, liberty, life and country are threatened today, such as they have never been at any time in our history.

Public officials such as yourself with your vast knowledge and experience of the methods of Communism and citizens like myself in our small way must unite and work together. We must be steadfast in our faith in God, ourselves and country; unswerving in our loyalty, task and purpose and secure in our knowledge that working together and presenting a united front such as this to Communism, it can lead only to victory for us and defeat for the "Masters of Deceit."

Respectfully yours,

Dear Mr. Hoover:

My purpose in writing to you is one of congratulations and hope. Congratulations to you and your department for the splendid and patriotic job done in the past and with the grace of God and your guiding hand, I hope, will continue to do in the future.

I too am aware of the threat of communism to the security of this, my country. Your book, Masters of Deceit, has been my guide to action. I have met people and talked with them of this great danger and I have been surprised and gratified by their willingness to help and saddened by some of these people's complacency.

I do not want to take up too much of your valuable time, but I would like to extend to you my personal promise of continued support in our fight for continued freedom in today's struggle for survival. I will continue to do my small part to expose the communist menace and to inform the ignorant that "lethargy leads only to disaster."

As you well know, Sir, according to the communist timetable, you and your department are to become the targets of a concentrated attack to discredit and eventually destroy. We will not let this happen. I am writing to the Attorney General and expressing my opposition to any changes in your department, just as many of my friends are doing.

Good luck in the future and God bless you.

Your fellow citizen.

My dear Congressman:

Your letter of February 7, 1962, with enclosure, to the Attorney General, has been referred to me.

With respect to Mrs. [redacted] inquiry, I would like to inform you that on September 29, 1961, a Special Agent assigned to our San Francisco Office called on Mills College in connection with official business. While there he stopped by the library and spoke to the Head Librarian, [redacted]. He identified himself to her and advised her that a donor wanted to provide copies of my book, "Masters of Deceit," for libraries in various colleges and high schools throughout northern California. He asked if her library needed any copies. After checking, Miss [redacted] advised him that the Mills College Library did have a copy; however, she asked for two more. In answer to her inquiry as to whether this was part of any FBI program, the Agent advised her that the donor had promised to provide the necessary books, and he was solely seeking to determine whether her library wanted to receive any.

Dear Mr. Kennedy:

Enclosed is a copy of a letter I received from
Mrs. [] of Berkeley, California which,
I believe, is self-explanatory.

She poses several questions which I am unable
to answer and it would be extremely helpful to
have your comments on the points she raises.

With kindest regards,

Dear Mr. Cohelan:

I should like to call to your attention an incident that has been troubling me and that might conceivably involve an improper use of public funds. I want to stress that I am doing this as a private citizen and do not represent in any way the library for which I work.

An FBI agent called today in the Mills College Library to inquire whether we had a copy of Mr. Hoover's "Masters of Deceit". He offered to provide for us as many free copies of this book as we might need or want. When asked whether the FBI was paying for this project he answered that the offer was made by a private party which did not want to be identified. My question as to why was an employee of a federal agency making inquiries for a "private party" was not answered. He did however affirm that he was an FBI agent and identified himself with a bona fide badge.

There are two things on my mind. First, are we paying trained FBI people who I am sure have their hands full of other more important business to go from library to library to virtually "push" their chief's book? And what is that private party which can enlist the help of a federal agency in a project that although worthwhile, is certainly not public business? Secondly, it seems to me that there is potential danger of intimidation involved here. Any library is glad of gifts, but it must have an option to reject them. Mr. Hoover's book is a very good contribution to the field and our library had already possessed a copy. But suppose the material was less worthy: would a librarian - a person easily intimidated anyway - feel free to say "no" to someone who opens the conversation with "I am from the FBI..."?

I would very much appreciate if you could have some inquiries made into this project. It should certainly be publically explained, as many librarians are probably wondering what to think of this visit in their libraries. I want to stress that our library would be glad to give information about their book stock to anyone and welcomes gifts of material. It is the method in which this particular offer was made that makes me feel that an explanation should be made. I repeat again that I am turning to you as an individual tax-payer and also to a certain extent as a professional librarian, but not as a member of the Mills College Library staff.

62-104277 - Yours sincerely

Dear Mrs. [redacted]

I have received your letter of February 18th and want to thank you for writing as you did. I certainly appreciate your kind remarks concerning my administration of the FBI and your interest in my book, "Masters of Deceit." My associates and I earnestly hope our future endeavors will merit your continued approval.

While I would like to be of service, the FBI is an investigative agency of the Federal Government and, as such, does not make evaluations nor draw conclusions as to the character or integrity of any organization, publication or individual. I hope you will not infer in this connection either that we do or do not have data in our files relating to the subjects of your inquiry.

I thought you might like to know that Mr. Herbert Philbrick was not employed as a Special Agent of the FBI; however, he furnished information concerning subversive activities on a confidential basis to this Bureau from 1942 to 1952 for which he was compensated. His services were terminated with his appearance as a witness in the trial of the communist leaders in New York City. The opinions and comments of Messrs. Philbrick, Skousen and Smoot are strictly their own and do not represent this Bureau in any manner.

It was good of you to afford me your views and observations regarding the matters you discussed. It is always reassuring to hear from citizens who demonstrate an awareness of the evils of communism and who desire to combat this threat to our freedoms. In view of your concern, enclosed is some material on the menace of communism I hope will be of assistance to you.

Mr. J. Edgar Hoover
Director, Federal Bureau of Investigation
Washington, D. C.

Dear Sir:

Please accept our sincere gratitude for the splendid job you have done and are continuing to do as the Director of the Federal Bureau of Investigation! You and your department have set ideals and standards that I wish I could say all we citizens and other departments of government were living up to, also!

I have been asked by my local P. E. O. Chapter to review your book, Masters of Deceit, for our April 11th meeting. I welcome the opportunity to try to interest a small group of our women to educate ourselves better about current events; particularly, the threat of communism in our country. However, I feel quite inadequate to do justice to you and your fine book!

Let me say, that if this letter does reach you and you do have the time to answer at your convenience, I would be most appreciative!

In our small community, a group of us have become interested in better government. Along this line, I took an adult education course on Anti-Communism at our junior college last semester and I'm continuing said course this semester. I feel the background we are receiving from our well-informed and unemotional teacher is most valuable.

Now, as we are using your 'Masters of Deceit' as our textbook this semester, I hope you can clear up in my mind some questions, so I will not get emotional and "too far out on the right". In today's paper, in an article with a New York Times News Service By-line that you wrote for "The American Bar Association Journal". you attack "self-appointed experts on communism whose tactics and personality quirks cause fear and set off hysterical reactions."

X-102 REC-37 62-104277-2583

I agree, but how are we, who are only insignificant "grass-root" people to judge as to which organization deserves our support? I appreciate the fact that the FBI should not take sides or become involved in politics, but who are we to judge one group of people over another? After all, what I might think is an intelligent, unemotional group or anti-communism,

another person might think otherwise and rightly so. Here, I think if we could "clear the air" and have the FBI definitely state their position, it would help we lay-people to get straightened out. Believe me, its not fun to be called a "witch hunter." I don't think we are-but how can we be substantiated?

To me, the cause of all our world problems is lack of morality and Christian ethics. We, a Christian nation, do not as citizens respect law and order or live up to the Ten Commandments. I, a mere house wife- mother of five children- a college graduate and a former teacher- feel us parents of today are doing a miserable job of raising our young ones; for example, juvenile delinquency is ever on the increase. Somewhere along the line we have failed to instill in these young people the initiative to do things on their own; rather we let "George do it" or our centralized government.

b6
b7C

What I would like to know is what you think of [redacted] and his Christian Anti-Communist Crusade? To many of us out here, who hear him on one of our local radio stations weekly, we feel he and his group are dedicated. Last week we heard Mr. Herbert Philbrick, a former FBI man, speak on [redacted] program. We have, also, heard W. Cleon Skousen, whose book, The Naked Communist, we used as our text book last semester. Isn't this a reputable group? How about [redacted] and his National Education Program or the American Security Council? Then I, also, like another former F.B.I. member, Dan Smoot, who writes a weekly letter. I'm in doubt about Mr. Myron G. Fagan and his Cinema Educational Guild, Inc. Now, on the other side of the fence and what I consider to be emotionally biased are the John Birch Society and Billy James Hargis and his group, etc. Am I right?

I realize this letter is unduly long, but I am interested in the welfare of my country. Another thing: I don't you think the press, radio and TV give, for the most part, just one side of our national and international picture? After all, we only have two large networks in the press: the A. P. and U. P. By the end of the day, I get a little weary listening to the news by the same old commentators with the same old slant on news! Its too bad, I feel, that more small independent newspapers can't afford to send their own representatives to Washington and to foreign capitols to get their own stories. Here, again, I feel strongly that all such representatives should speak the language of the country, where they are stationed, so as not

to have to depend on interpreters, who might not give a true picture of a situation.

Perhaps, I should be classed as the "crack--pot," not others! Let me say, in my defense, that I have never been satisfied with the "status quo". I always feel there is room for growth and charge! I would like to feel that my small contribution to my own little family would be that each one of them will always have an inquiring mind, that each will love, honor and obey and always be proud of their home and country! Yes, I am a DAR, too!

Please forgive my chatty dissertation! But to discuss a few of our current problems with you, as "man to man", helps to realize that we can still do such in our country! I do hope that you and your fine organization will see fit to call "a spade, a spade" and thus, clarify, the above issues. As you well know, you are quoted by authorities on both sides of the fence, so it would be of untold value to know we are helping and not hindering our country's effort to fight communism and all the problems that revolve around it.

Thank you for listening to me!

Sincerely,

Mrs. [] made available for review the file pertaining to HOWARD W. MEYER, [] 5035 E. 4th Street, Tulsa, Oklahoma. In a report dated 9-25-58 it is stated that he has been in file since 8-31-45, that he was born 6-27-90, that he is white, married and he is employed as a Manufacturer's Representative in which employment he has been engaged since July, 1953. It was stated that he has a record of steady employment and was well regarded as to character, habits and morals. His high credit was shown as \$39 and his manner of payment was 30 days and as agreed. There was no record of collection or legal item. He was previously employed by the First Presbyterian Church, Chandler Frates, an industrial petroleum association.

b6
b7C

The file contained a newspaper article shown as having appeared in the February 26, 1945 issue of the Tulsa Tribune which stated that HOWARD W. MEYER, Veteran, Tulsa Boy Scout worker and former executive of the Tulsa Area Council had been called to serve as an administrative pastor of the First Presbyterian Church. It was stated that MEYERS, then head of the Santa Fe, New Mexico Council would succeed Rev. [] who resigned effective January 1. It was said that because of work already underway in Santa Fe it might be June or July before MEYERS arrived to assume his position.

The article said MEYERS served as Scout Executive in Tulsa for nearly thirteen years before he was assigned to a similar post in Houston, Texas. He came to Tulsa in 1913 from St. Louis where he had served as Scout Master. It was said that in Tulsa he resumed his interest in boys work and undertook various assignments in the promotion of scouting before becoming executive on 1-2-22. It was said that the transfer to Houston Council was regarded as a promotion since he served three times as many as in Tulsa. He remained at Houston until nine years ago and since has served at Albuquerque and Santa Fe.

On February 23, 1962, Mrs. [] Identification Division, Tulsa Police Department, Tulsa, Oklahoma, and [] Jail Records, Tulsa County Sheriff's Office, searched the records of their respective departments and advised SA PEARSON that they could locate no arrest record for DELMAS B. MC CLENDON or HOWARD W. MEYER.

00

A review of the Oklahoma City files reflects that MC CLENDON has been very active in leading civic clubs, Masonic and other similar organizations in a fund raising campaign to put the book "Masters of Deceit" into the hands of all graduating students in the Tulsa school system in the school year and in the spring of 1961 4331 books were donated to graduating students through his efforts. This spring he has on a drive to raise money to provide 10,000 additional books for the various schools and school children in Tulsa. He works very closely with Sergeant [redacted] of the Tulsa Police Department and Fire Chief J. G. Sanders, Tulsa Fire Department.

b6
b7C

The SAC of the Oklahoma City Division met MC CLENDON while in Tulsa on other business on 1-30-62. It is the SAC's opinion that MC CLENDON is very sincere in what he is doing and is convinced of the clear cut statement of the objectives of Communism set forth in the book "Masters of Deceit" written by the Director. MC CLENDON appears to be a super-patriot and is known to be associated in these efforts with [redacted] formerly an informant or source for the Bureau and with J. BRACKEN LEE, a former governor of Utah who is particularly opposed to income tax procedures of the Federal Government.

MASTERS OF DECEIT

Dear Mr. Hoover:

The enclosed Thank You note from my son, [redacted] for the autographed book which you were kind enough to send him through the good offices of [redacted] is long past due but I very much fear that I must accept the blame for the delay. You see, I took time out to read the book myself before turning it over to him.

[redacted] has finished reading the book and I know that at least one of his friends has read it with the book currently in the hands of another friend. Possibly the best thing from their reading of the book is the fact that I got involved with the three boys in a discussion of your book - and I was astonished at the awareness (both information and mis-information) of Communism at the eleven year age level.

I hope you will not mind if I show a little fatherly pride and say that the discussion might have taken place at slightly above the average eleven year age level since Scott and his friends have all been selected for Special Progress classes upon entering Junior High School this fall.

May I take this opportunity to add my thanks to those of [redacted] and to express my personal feelings that I could not be a more proud father if my son was to choose to follow in the footsteps of an individual such as yourself.

Dear Sir:

During the past year I have been reading a great deal about the dangers of communism, and communist infiltration in our government. Books such as "The Conscience of a Conservative", "Masters of Deceit", "The Naked Communist", "While You Slept", "Nine Men Against America" and "The Big Decision" have convinced me there is a real danger. Yet when I try to get other people aroused and interested, they tell me "Oh you can't believe all that stuff".

Just how much can you believe? How authentic are the "Dan Smoot Reports" for example? I would appreciate any information you will give me. If you put out a regular bulletin or report, how do I get on your mailing list?

I have received your letter of February 26, 1962, and it was good of you to comment as you did concerning my book, "Masters of Deceit." I wrote this book with the hope that it would become a primer for those who wanted to learn the true nature and objectives of the Communist Party, USA, and letters such as yours are reassuring since they indicate this purpose is being achieved.

It is always encouraging to hear from individuals who are aware of the menace posed by communism and who endeavor to combat this evil. In this connection, I am enclosing items on the subject of communism I hope you will find to be of interest.

I would like to take this opportunity to express my thanks for your kind remarks relative to my efforts as Director of the FBI and the work performed by this Bureau. Your statement of willingness to cooperate with the FBI in matters of mutual concern is indeed appreciated.

Dear Mr. Hoover:

I have just finished reading your book "Masters of Deceit" and hasten to tell you that I believe it is a very great contribution to Americans' understanding of the evils of Communism. I have read many books, tracts and articles on Communism and Communist activities over the past 30 years, but your book has given me a better insight into their beliefs, methods and ends than all the others. I am going to buy a quantity of copies and send them to people whom I believe to be loyal Americans but whose understanding I think will be broadened by reading it.

If you will forgive a personal note: I am 63, a widower, retired, with time on my hands to read and to be of what service I can to others. I find some outlet for my energies in a type of Episcopal Church work which I believe has the effect of helping to combat Communism. Of course, all sincerely Christian work does just that, to some extent. I lose no opportunity to try to convince others (without being boresome about it, I hope) of what Communism could do to us.

Some years ago, I had occasion to co-operate as a private citizen with the F. B. I. on a matter which appeared to me to involve our national security. Whether it actually did or not, I don't know, but I felt it my privilege to report the matter, knowing the information would be in good hands. I shall do so again, you may be sure, if the opportunity presents itself.

In all the years that you and your Bureau have so efficiently protected our best interests I have been thankful for the FBI, but feel I have been remiss in telling you so; I do so now, most sincerely.

SUBJECT: DISTRIBUTION OF
"MASTERS OF DECEIT"
IN TULSA, OKLAHOMA.

BACKGROUND:

You will recall my memorandum to you of 2-19-62 set forth information from the "Tulsa Daily World" newspaper, Tulsa, Oklahoma, on 2-11-62 to the effect that Mr. and Mrs. Howard W. Meyer of that city had contributed a substantial number of "Masters of Deceit" to schools in that area in memory of their son who died in a Japanese prison camp in 1942. Mr. and Mrs. Meyer had joined in efforts of D. B. McClendon to provide 10,000 such copies for public schools in Tulsa. It was recommended and approved that autographed copies of "Masters of Deceit" be sent to both Mr. Howard W. Meyer and D. B. McClendon if appropriate field checks were favorable. Subsequently, by airtel of 2-20-62, SAC, Oklahoma City was advised to conduct a discreet background check on McClendon and Mr. and Mrs. Meyer.

RESULTS OF FIELD CHECK:

By airtel of 2-24-62, the Oklahoma City Office furnished the results of appropriate agency checks relating to Delmas B. McClendon, 5435 South Marion, Tulsa, Oklahoma, and Mr. Howard W. Meyer, 5035 East Fourth Street, Tulsa, Oklahoma, which were favorable to them. McClendon has been very active in leading civic clubs, Masonic and other similar organizations in a fund raising campaign to put the book, "Masters of Deceit," into the hands of all graduating students in the Tulsa school system. In 1961, 4,331 books were donated to graduating students through his efforts. He plans to distribute 10,000 additional books this year. Howard W. Meyer has long been associated with Boy Scout activities and church groups and is well regarded in his community.

The SAC points out McClendon is associated with Matt Cyetic, the well-known former Bureau informant and J. Bracken Lee, the former governor of Utah whose moral character is most questionable because of his drinking and associations with prostitutes. The SAC feels McClendon is very sincere and is convinced of the clear-cut statement of the objectives of communism as set forth in the Director's book. However, because of this background, it is not felt we should send an autographed book to him as originally planned.

RECOMMENDATION:

The attached letter indicating an autographed copy of "Masters of Deceit" is being sent to Mr. Meyer be approved.

Mr. J. Edgar Hoover
Chief, Of the F.B.I.
Washington D.C.

Dear Mr Hoover:

I have thought for many weeks about writing your office concerning the good work you have done and are doing at present; However I realize that you and your office, are working under great handicap. I watched your office and the Committee on Un-American Activities, assemble evidence and getting many convictions against subversives, only to have them turned loose on us again.

Your book, which I have read and have bought many copies of, and distributed to my friends and others, is the most informative material which I have read on the subject of Communism. I have bought possibly a hundred of these books, have distributed some of them back in Texas and other states; Enclosed you will find a tract which I have written and inserted inside the front cover of the book (copy of which I am enclosing.) I plan to continue this in hopes it will influence others to join me. It is already bearing some fruit.

However, there are so many forces working against America; It sometimes becomes discouraging. We cannot quit if we hope to survive as a free race of people. It sometimes seems that you and your office are about our only ray of hope. I feel like that the Justice Dept. and some others are more concerned about Robert Welch and [redacted] (the Right wingers) as they call them, also others active in the movement, than about Communism. (I am speaking of the Attorney Generals office).

Today, I listened to " The Big Picture" by Ed Murrow; I believe the announcer was Mr. Murrow; He went into quite a lot of detail about the Nike Zeus, its development also the Pershing Missile; It was very interesting but I could not keep from noting that he gave the exact location of all companies engaged in the manufacture of these vital weapons, which seem to me is very bad judgment, considering that we have Communist who are still free to go wherever they choose and the dedicated ones are spies.

I wonder sometimes, how the American people who want to remain free, are to get rid of this subversion when they cannot get those who are paid to represent us, to get. Instead they seem to play down our efforts and continue to allow them to remain in our Society; When is this going to stop? when you make a statement it is magnified by the press and TV, if they can make it appear that you are also taking a stand against those fighting Communism.

Hoping you may be able to serve us many years more.

Yours very truly

We are facing a peril which is unprecedented in the history of this Nation and it should be the Concern of every American, to help in this " Crusade For Freedom" which is taking shape and which must not fail if we sre to survive as a Free Nation and a free people.

I have read this book by J. Edgar Hoover, the head of our F.B.I. and I think it is the best material I have read on this subject, (again I want to urge you to read it)

At present, I am conducting a One Man Crusade; I am buying a few of these books each month and passing them to those who will read them.

Will you join me in this Crusade? Buy a few books as I am doing, use this tract, inserting your own name and pass them on. It will be the best dollar you ever spent.

We cannot afford to pass this Cancer of Communism down to our children and Grandchildren. We must elect those to office who will help in the fight, if we survive.

With regard to my article which appears in the current issue of the "American Bar Association Journal," I emphasized that our fight against the menace of communism must be carried on within the framework of law and order, and any action outside the spirit of our heritage will injure rather than aid our cause. My statements actually reiterated the position I set forth in my book, and I feel that reliance on the orderly processes of our Government is America's best defense against those who would destroy our Nation.

In accordance with your request, enclosed is a copy of this item, together with some other material on the general subject of communism containing my views relative to action which can be taken by interested citizens.

Dear Mr. Hoover:

This is the first occasion that I have written to you, and I want to take this opportunity to express my great admiration for your outstanding public service that you have rendered for a lifetime.

From my observation, I do not believe there is anyone in our Government that holds the respect and confidence of the American people as much as you do.

I am sure that if you were not hampered with legal barriers, there is much more you could have done, particularly in the field of national security.

I have read many of your publication, including your book "MASTERS OF DECEIT." As a matter of fact, I have distributed many, many copies of this book among my friends and acquaintances.

The enclosed clipping from the Chicago Daily News restates part of your article that was published in the American Bar Association Journal. I am somewhat concerned about this article, particularly the implication of all the damage that can be done by anyone fighting Communism, without having some definite to offer that we as individual Americans should do, other than studying what Communism is.

The problem with an article such as this is that it encourages too many Americans who are reluctant to do anything or say anything for fear that they may be harming their Government more than they would be doing good. While I can appreciate the

wisdom of such thinking, I do not feel we can win the fight against Communism by inaction and merely hoping that the Government can cope with all these problems, especially in the light of the many inexcusable mistakes made by our Government in the past 28 years, which are responsible for the world mess we are in today.

I don't belong to societies such as the John Birch Society, or the National Indignation Society, but I find it difficult to condemn these organizations and to discredit everything they are doing. At the same time I am also concerned about some of the members in such organizations when they appear to be going overboard in their fight against Communism.

I recall well the struggle of Senator Joseph McCarthy in his courageous fight in trying to rout Communist influence from the Government and our Armed Forces. His effort was labeled McCarthyism, given the implication of a bad word, and something that was not very good for America.

I believe that our country and the world would be better off today if we had taken his advice more seriously at the time.

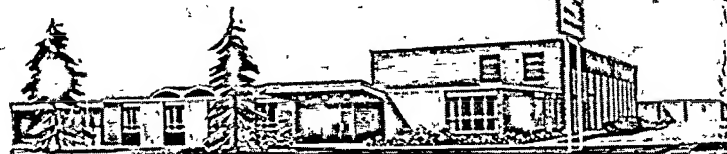

All Americans love their country, and I am sure that they want to keep it as it is. It would seem that as long as the feeling is mutual that there should be more common ground where we could work as a united front in helping our Government cope with the Communist threat of today.

Perhaps, you may have some suggestions along this line. If you do I would be happy to receive them. I would also appreciate receiving a complete copy of your article that appeared in the American Bar Association Journal.

FBI Chief Slaps 'Experts' on Reds

Give Out Erroneous, Distorted Information, Hoover Asserts

J. Edgar Hoover, director of the Federal Bureau of Investigation, said Friday "far too many self-styled experts on communism" are giving out erroneous and distorted information.

In an article published in the American Bar Assn.'s Journal, published here, he wrote:

"Our fight against communism must be a sane, rational understanding of the facts.

Emotional outbursts, extravagant name-calling, gross exaggerations hinder our effort."

Hoover did not identify his targets by name but stated:

"Today far too many self-styled experts on communism are playing the highways of America giving erroneous and distorted information."

* * *

THE FBI chief said the nation needs enlightenment about communism, but it should be factual and accurate, and he added:

"We need more light and less heat."

He wrote that many non-Communists may legitimately take positions on issues that also are held by Communists.

"Their opinions, though temporarily coinciding with the party line, do not make them

Communists," he added. "We must be careful with our facts and not brand as Communists any individual whose opinion may be different from our own."

HOOVER * * * suggested that Americans should not adopt the Communist attitude toward law and order.

"Cries for legal shortcuts, vigilante methods and less reliance on legal processes, though based on the most patriotic of motives, are most shortsighted. These would undermine our cause," Hoover said.

He praised the American Bar Assn.'s program to combat communism by education.

Captioned individual wrote 2-16-62 commenting favorably on "Masters of Deceit." In addition to thanking the Director for writing the book he also stated he wanted to say "thank you" to Honorable Charles M. Teague, Member of Congress, for distributing this book to various key citizens of our land. Correspondent obtained the book on loan from Ray Robertson, Chief of Police, Lompoc, California.

Bufiles indicate correspondent wrote earlier this month concerning Federal regulations pertaining to placing police two-way radios in cars of private citizens. The Los Angeles Office contacted him, acknowledged receipt of his letter, and explained the Bureau's jurisdiction concerning Unlawful Publication or Use of Communications. Los Angeles inquiry determined that correspondent is a personal friend of Chief of Police Robertson, is an electronics engineer at Vandenberg Air Force Base and engaged in selling and installation of radio equipment.

Bufiles indicate we have had limited relations with Congressman Charles M. Teague (Republican-California). He was elected to Congress in 1954. The few contacts we have had with him have been cordial. There is no indication in Bufiles that he has been distributing copies of "Masters of Deceit."

Mrs. [redacted]

Morrill, Nebraska

Dear Mrs. [redacted]

I have received your letter of February 25th and want to thank you for writing and for your interest in my book, "Masters of Deceit." It is always reassuring to hear from citizens who demonstrate an awareness of the evils of communism and who desire to combat this threat to our freedoms.

With regard to the matter you discussed, I would like to point out that the Communist Party in this country has attempted to infiltrate and subvert every segment of our society. However, the Party's efforts are being thwarted by the FBI's internal security programs, by investigation, arrest and prosecution of Party functionaries, and by widespread, intelligent public opposition to the communist philosophy. These achievements are being accomplished through orderly, legal procedures.

We must, however, continue to be alert to these infiltration efforts. I wish to emphasize most strongly that communism is a grave threat to the continued existence of the United States. Because of this, it is doubly imperative that we be calm, rational, and thoroughly accurate in what we say and do in opposing communism. This is no time for rumors, unfounded suspicions, gossip and the hurling of false accusations.

In response to your other question, the FBI is strictly an investigative agency of the Federal Government and, as such, neither makes evaluations nor draws conclusions as to the character or integrity of any organization, publication or individual. In this connection, information contained in our files must be maintained as confidential in accordance with regulations of the Department of Justice.

In view of your concern, enclosed is some material on the menace of communism. I hope it will be of assistance to you.

Sincerely yours,
J. Edgar Hoover

Dear Mr. Hoover:

I have read your book Masters of Deceit and find it a very good education on Communist background and tactics, as well as what countermeasures we can take. It was undoubtedly meant to be all of these, and much more.

What worries me is this: there is a class on Communism being taught in the Scottsbluff Junior College Adult Education Program, which is using your book as a text, but is also handing out lists of suspected Communists, and labeling many people in public life as Communist Sympathizers. It would seem to me that they are not following your book very closely, but rather are following the methods of the extremists, which could lead to anarchy.

Have I misunderstood your book? I have been told also that the F.B.I. does not give out any lists of Communist Sympathizer suspects. Is this information wrong?

I would appreciate a statement of policy of the F.B.I. on these lists, as I cannot convince some of my acquaintances that this is the sort of witch-hunting which you say in your book is the wrong approach.

Thank you very much.

Sincerely yours,

"Tulsa Daily World" newspaper, Tulsa, Oklahoma, on 2-11-62 carried article titled "Parents of Tulsa War Hero Assist In Distribution of Anti-Red Book." Article related that Mr. and Mrs. Howard W. Meyer of Tulsa had contributed "substantial" number of Mr. Hoover's book in memory of a son, Staff Sergeant William H. Meyer, who died July 16, 1942, in a Japanese prison camp as a result of malnutrition; that Mr. and Mrs. Meyer had joined efforts of D. B. McClendon to provide 10,000 copies "Masters of Deceit" for public schools in Tulsa. A photograph of Mr. and Mrs. Meyer looking at a photograph of their son appeared with the article.

BUFILES:

Howard W. Meyer wrote Mr. Hoover on 8-8-54 indicating he had 40 years' membership in Boy Scouts of America, was member of American Legion, X-Prisoners of War, Rotarian, etc. He enclosed clippings from newspapers and said they worried him and he did not know who else to share this information with; that he felt labor unions were being infiltrated by pinks and reds and he hoped something would be done with the various situations related in the articles. He said he was 64 years of age, 1954, which would make him 71 years old now. Director sent him letter on 8-17-54 thanking him for his interest in sending in the clippings and making his observations known to the Director. Director enclosed a number of articles on communism with his letter to Mr. Meyer (94-5-43105). Delmas B. McClendon wrote Mr. Hoover in 1961 concerning his distribution of "Masters of Deceit" to 3,403 Tulsa graduating high school seniors. His correspondence reflects deep admiration for Director and deep seated desire to fight communism. He advised Director he was Chairman of the Americanism Committee of the Tulsa, Oklahoma, Elks Lodge, which he had created for distribution of "Masters of Deceit" to high school seniors. He invited Director to Tulsa to speak on 9-11-61 to encourage his committee in their initial plans of organization. Director expressed regrets that he would not be able to accept his invitation to visit Tulsa (94-55889).

Parents of Tulsa War Hero Assist In Distribution of Anti-Red Book

A Tulsa couple whose son died in a Japanese prisoner of war camp in 1942 have joined the efforts of D. B. McClendon to provide 10,000 copies of "Masters of Deceit" for public schools here. Mr. and Mrs. Howard W. Meyer, 5035 E. 4th St., have contributed a "substantial" number of J. Edgar Hoover's books in memory of a son, S. Sgt. William H. Meyer who died July 16 from malnutrition.

McClendon launched his campaign late in January to obtain the books written about Communist operations in the United States. He wants them for use by all Tulsa sophomores due to take a course comparing Communism and the American system of life.

It will be offered during the latter part of this school year as part of the regular 10th grade study in American history. But McClendon also wants enough copies so all schools in the Tulsa system can have them available in their libraries.

Attended Schools Here

When the Meyers learned about his project, they decided to give it some assistance and agreed to purchase a number of the books. A sticker will go into each book indicating they have been given in memory of Sgt. Meyer.

He attended Tulsa elementary, junior high and a year at Central before the family moved to New Mexico. Sgt. Meyer's twin, Edward F., now lives at Longview, Wash.

In New Mexico, William joined the National Guard's Kit Carson cavalry unit which became motorized after the outbreak of World War II.

Fought in Philippines

Later he took training at Ft. Bliss, Tex., and joined the 200th Coast Artillery unit which eventually wound up in the Philippines.

The unit was trained for tropical warfare at Ft. Stotsenburg and the Japanese attacked this fort and Clark Field shortly after the war began.

After troops surrendered, Sgt. Meyer was sent to Camp O'Donnell, Tarlac, and then was transferred to Cabanatuan, Military Prison No. 1. He was reported "missing in action" three years and in late 1945 the Secretary of War notified the Meyers their son

had died in the prison camp from dysentery and malnutrition.

McClendon said Saturday the project to obtain books is starting to receive solid community support with churches and civic organizations joining in.

Gets Other Gifts

"Some individuals are sending in their checks to purchase as many as 100 of these books by the director of the Federal Bureau of Investigation," said the Tulsa accountant who works for Oklahoma Natural Gas Co.

McClendon said individuals wanting to contribute to the project should mail checks to him in care of P.O. Box 871, Tulsa.

However, he stressed, checks must be made payable to the Oklahoma News Co., wholesale distributor for the books. The company is providing the volumes—in wholesale lots—for 36 cents each.

McClendon also explained he has made arrangements for book stickers if individuals can provide more than 20 books.

"The stickers will be printed and will describe the presentation and memorial," said McClendon. The stickers will have information concerning the deceased, military rank, military unit and place of death—if contributors want this information listed.

Giving in Memoriam

Mr. and Mrs. Howard W. Meyer of Tulsa decided this past week that a project by D. B. McClendon to provide 10,000 copies of "Masters of Deceit" was an effort well-worth taking part in. They have contributed a large number of the books by J. Edgar Hoover as a memorial to one of their sons, S/Sgt. William H. Meyer, who died on Bataan July 16, 1942, after being captured in December by Japanese forces which had invaded the Philippines.

Dear Mrs. [redacted]

I received your letter of February 26th, and it was good of you to congratulate me on receipt of the Criss Award. Actually, this honor recognizes the loyal and dedicated employees of the FBI whose service over the years has made this organization what it is today.

My book, "Masters of Deceit," was written with the hope that it would help Americans to gain insight into the true nature of communist activities in the United States. I am glad you have found it useful for your group.

The House Committee on Un-American Activities is a committee of the United States House of Representatives, and this Bureau has no connection with it. I have always felt the Committee makes a contribution in its public disclosure of the forces that menace America.

Officials and Special Agents of the FBI have the authority to make arrests in accordance with the provisions of Section 3052, Title 18, United States Code. If you desire to refer to this section, I feel sure you will find a copy of the Code at your local library.

He has also appeared in motion pictures playing the featured lead with such stars as Marilyn Monroe, Dane Clark, Shelly Winters and many others. Besides monologue recordings for Key Records, he has done many voices for cartoons and children's records. The Capitol best selling Kiddie Album "Bozo Under the Sea" was written around Dave's famous gurgle voice.

Connie Moore, one of Hollywood's most glamorous and versatile actresses, has been in show business since childhood. With more than thirty movies made for major studios to her credit, Miss Moore has, in recent years, concentrated on her supper club act, appearing in such swank spots as the Fontainebleau and Eden Roc Hotels in Miami, the Camelia Room in Chicago's Drake Hotel, the Coconut Grove in Los Angeles' Ambassador Hotel, the Flamingo, New Frontier and Sands Hotels in Las Vegas and the Maisonette Room at the St. Regis Hotel, where she has opened the season for the past six years. The above-captioned book has very recently been issued by Elgin Publications, Box 162, Balboa Island, California. The book consists of: (1) an exact reproduction of the book, "Toward Soviet America," by William Z. Foster (former communist leader, now deceased), originally published in 1932 and (2) commentary by Francis E. Walter, Chairman, House Committee on Un-American Activities, and comments concerning Foster's chapters designed to show the falsity of the communist position. Actually, the above-captioned book is an effort to discredit communism and to portray Foster's 1932 book as a communist blueprint for a take over of the United States.

BACKGROUND:

62-104277-2375 reflects that by letter dated 11-3-62 [redacted] Los Angeles, California, advised the Director that his company had been formed to finance the republication of Foster's "Toward Soviet America." The plan, according to [redacted] originated with [redacted] West Coast investigator for the House Committee on Un-American Activities. [redacted] noted that Foster's copyright had expired and arrangements were made with the original publisher to allow for reissuance. [redacted] added that Congressman Walter would prepare a foreword and that he [redacted] would write the commentary on the original Foster book. In his letter of 11-3-61, [redacted] requested permission to utilize a short quotation from "Masters of Deceit" in the proposed reissuance of the Foster book.

Bufiles indicated that [redacted] had formerly been connected with the House Committee on Un-American Activities, as well as with the Motion Picture Alliance for the Preservation of American Ideals. We had limited but cordial relations with [redacted] By letter of 11-8-61, the Los Angeles Office was instructed to orally acknowledge [redacted] letter and to indicate to [redacted] that the Bureau could not grant permission for his use of the quote from "Masters of Deceit." The Bureau felt that any such use of a quotation might imply an endorsement of the new book. [redacted] was so advised by the Los Angeles Office and cordially agreed to the Bureau's decision.

RE: "TOWARD SOVIET AMERICA"

BRIEF SUMMARY OF BOOK

As indicated, the bulk of the book is an exact copy of the William Z. Foster publication of 1932. As will be remembered, Foster, in this book, sets forth ideas relative to a Soviet America, indicating what the communists would do to various phases of our society. In fact, Part I of "Masters of Deceit" is based directly on Foster's "Toward Soviet America," setting forth what a communist take over in America would mean to our Nation.

Congressman Walter in his foreword states that the communists have tried to suppress copies of the 1932 Foster book. "For 'Toward Soviet America' disclosed exactly what those geniuses of evil plan^{ed} for this country under the hammer and sickle. The plan has not changed. 'Toward Soviet America' still reveals what your fate under that symbol of slavery is intended to be."

All of the five chapters in the Foster book are preceded by comments written by . These comments are designed to expose the communist blueprint for capture of the United States. They are designed to serve as guidelines to the noncommunist reader in interpreting the Foster book.

b6
b7c

A reference is made by Congressman Walter to the Director (page xiii). Walter quotes Mr. Hoover's characterization of Gus Hall as a coldly calculating, pro-Russian ex-convict who is directing the Communist Party in this country. This quotation is accurate and is taken from an article by Mr. Hoover entitled "Communist Party, USA" from the 4-30-60 issue of "Ave Maria."

A copy of the above-captioned book is attached.

Dear Mr. Hoover:

I have just finished reading your book, "Masters of Deceit". I'm not surprised at what you reveal, as I have often suspected all that you relate was occurring. Newspapers and magazines helped awaken me, but your book brought out the stark truth.

I say to you in all sincerity, "Thank you from the bottom of my heart", I'm now fully awake.

This is one book that will not repose on my book shelf I shall ask among my friends who has not read it, and give it with the proviso that it continues to get passed along.

Dear Mr. Hoover:

I read your book, "Masters of Deceit" some time ago and think that you did a mighty fine job. In my opinion this book should be read by every student and citizen as so many are confused on the subject of Communism. In fact, I am going to loan my copy to our Minister as some statements that he has made lead me to think that he is mixed up in his thinking.

To my dismay, I found that many of our high school libraries do not have a copy of your book and I have been made Chairman of a committee to see what can be done about it. Our finances are very limited and most of our money is spent on Good Citizenship S.A.R. Medals which we give to outstanding high school seniors and R.O.T.C. students.

We are wondering if you have some kind of arrangement with your publisher whereby they would give us a discount for books to be given to schools. We would probably buy them in lots of 25 or more.

I wish to commend you for your many years of splendid service to our Country and also for writing this book which I know took many, many hours of your time and was above and beyond the call of duty.

Sincerely yours,

March 11, 1962

Mr. J. Edgar Hoover,
Federal Bureau of Investigation,

b6
b7C

Dear Mr. Hoover:

Mrs. Meyer and I thank you for your letter of the 5th and for the autographed copy of "Masters of Deceit."

It was very kind of Mr. [] to inform you of our mediocre services. As you see from the enclosed newspaper clipping the real work is being done by Mr. D. B. McClendon.

We are heartened to see the interest manifested in this news item and the campaign for 10,000 paper-back copies of the book. We have received letters and notes enclosing about 30 of these clippings; phone calls and personal remarks as we go around among our friends and various meetings.

We are so happy to have the full book of 374 pages and all the information it contains. Thank you very much.

I think the first contact I had with the Communists was in New Mexico while I was the Boy Scout executive of the Northern New Mexico (now the Kit Carson Area), Council. (1938-1945)

I, a Presbyterian, was working hard with the Catholic churches, to form scout troops in the rural areas all over the state, particularly along the Rio Grande valley where there were many small villages and tiny farms, populated by low-income Spanish families. Then I heard that there were people who were trying to organize The Pioneers.

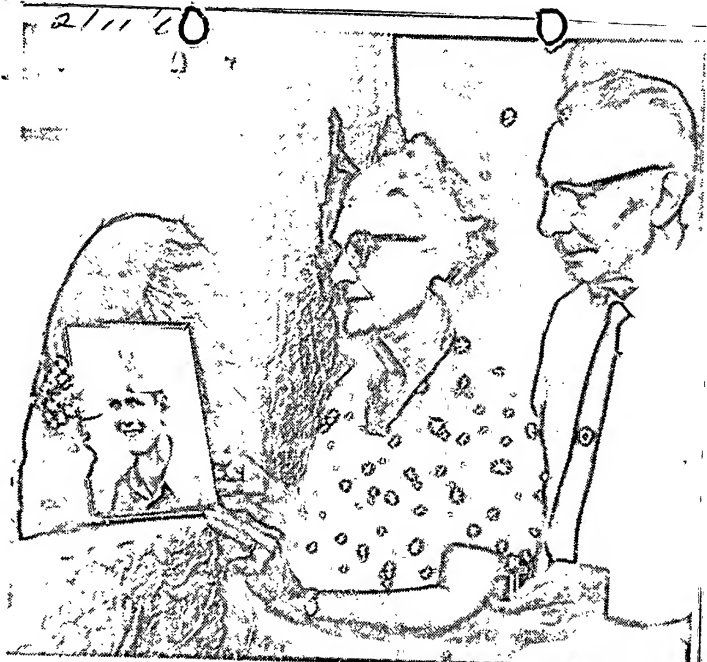

I checked to see if it was the Y.M.C.A. or Presbyterian Pioneer younger boys program. It was not. So, I finally got a hold of a small leaflet that indicated that it was Communistic. I sent it to Mr. [] our regional executive, Dallas. That was the end of that competition. I think the natives distrusted the promoters and killed it themselves. 62-104277-2613

May God continue to bless your good work.

Sincerely yours,

Giving in Memoriam

Mr. and Mrs. Howard W. Meyer of Tulsa decided this past week that a project by D. B. McClendon to provide 10,000 copies of "Masters of Deceit" was an effort well-worth taking part in. They have contributed a large number of the books by J. Edgar Hoover as a memorial to one of their sons, S/Sgt. William H. Meyer, who died on Bataan July 16, 1942, after being captured in December by Japanese forces which had invaded the Philippines.

Parents of Tulsa War Hero Assist In Distribution of Anti-Red Book

A Tulsa couple whose son died in a Japanese prisoner of war camp in 1942 have joined the efforts of D. B. McClendon to provide 10,000 copies of "Masters of Deceit" for public schools here.

Mr. and Mrs. Howard W. Meyer, 5035 E. 4th St., have contributed a "substantial" number of J. Edgar Hoover's books in memory of a son, S. Sgt. William H. Meyer who died July 16 from malnutrition.

McClendon launched his campaign late in January to obtain the books written about Communist operations in the United States. He wants them for use by all Tulsa sophomores due to take a course comparing Communism and the American system of life.

It will be offered during the latter part of this school year as part of the regular 10th grade study in American history. But McClendon also wants enough copies so all schools in the Tulsa system can have them available in their libraries.

Attended Schools Here

When the Meyers learned about his project, they decided to give it some assistance and agreed to purchase a number of the books. A sticker will be put into each book indicating they have been given in memory of Sgt. Meyer.

He attended Tulsa elementary, junior high and a year at Central before the family moved to New Mexico. Sgt. Meyer's twin, Edward F., now lives at Longview, Wash.

In New Mexico, William joined the National Guard's Kit Carson cavalry unit which became motorized after the outbreak of World War II.

Fought in Philippines

Later he took training at Ft. Bliss, Tex., and joined the 200th Coast Artillery unit which eventually wound up in the Philippines.

The unit was trained for tropical warfare at Ft. Stotsenburg and the Japanese attacked this fort and Clark Field shortly after the war began.

After troops surrendered, Sgt. Meyer was sent to Camp O'Donnel, Tarlac, and then was transferred to Cabanatuan, Military Prison No. 1. He was reported "missing in action" three years and in late 1945 the Secretary War notified the Meyers their

had died in the prison camp from dysentery and malnutrition.

McClendon said Saturday the project to obtain books is starting to receive solid community support with churches and civic organizations joining in.

Gets Other Gifts

"Some individuals are sending in their checks to purchase as many as 100 of these books by the director of the Federal Bureau of Investigation," said the Tulsa accountant who works for Oklahoma Natural Gas Co.

McClendon said individuals wanting to contribute to the project should mail checks to him in care of P.O. Box 871, Tulsa.

However, he stressed, checks must be made payable to the Oklahoma News Co., wholesale distributor for the books. The company is providing the volumes—in wholesale lots—for 36 cents each.

McClendon also explained he has made arrangements for book stickers if individuals can provide more than 20 books.

"The stickers will be printed and will describe the presentation and memorial," said McClendon. The stickers will have information concerning the deceased, military rank, military unit and place of death—if contributors want this information listed.

Lenten Film Festival

To Begin Next Week

3-9-62

Page 5

The third annual Lenten Film Festival, sponsored by the Young Adult Club of Blessed Sacrament parish, will be held on the next three Wednesday evenings at 8:30 p.m. in the Blessed Sacrament School auditorium, 5841 Chevy Chase Parkway, N.W.

This year's Festival will present three award-winning films dealing with 20th century social problems: "Grapes of Wrath," "Gentleman's Agreement" and "On the Waterfront." Each film will be introduced and followed by a brief critique by an authority in the field.

The public is invited to the showing. There is no admission charge.

"Lent is the traditional time for 'giving up' movies," Father Joseph T. Haslinger, assistant at Blessed Sacrament and moderator of the Catholic Club of Chevy Chase, said in commenting on the Lenten Film Festival. "But in addition, Lent is a time for spiritual growth. The aim of the Festival is to foster this growth to such a degree that people will permanently 'give up' movies which are inferior spiritually, artistically or intellectually."

The first film, "Grapes of Wrath," to be presented Wednesday, will be introduced by Leo Brady, author, critic and director.

Mr. Brady

The movie, based on John Steinbeck's book, deals with the problems of migrant farmers during the Depression. Henry Fonda, Jane Darwell and John Carradine star in the movie which was directed by John Ford. The film won two Academy awards.

Thomas F. Rowan, managing editor of the Standard, will introduce and give the critique on "Gentleman's Agreement," a film dealing with anti-Semitism in American society. The film stars Gregory Peck and was directed by Elia Kazan who won an Academy Award for his work. It will be screened on Wednesday, March 21.

Mr. Rowan

The Festival closes March 28, with the showing of Budd Schulberg's drama of life "On the Waterfront." It is the story of one New York dock worker's realization of the corruption of his environment. Byron Morgan, film producer with the National Aeronautics Space Administration, will give the commentary. The film, directed by Elia Kazan and starring Marlon Brando and Eva Marie Saint, won eight Academy Awards, three New York Film Critics Awards and three Venice Film Festival Awards.

Dear Mrs. [redacted]

I have received your letter of February 22nd and want to thank you for writing as you did. I appreciate your interest in my book, "Masters of Deceit," and your kind remarks concerning my administration of the FBI.

With regard to my article which appeared in the February issue of the "American Bar Association Journal," I emphasized that our fight against the menace of communism must be carried on within the framework of law and order, and any action outside the spirit of our heritage will injure rather than aid our cause. My statements actually reiterated the position I set forth in my book, and I feel that reliance on the orderly processes of our Government is America's best defense against those who would destroy our Nation.

In view of your concern, enclosed is a copy of the complete text of my article, together with some material on the subject of communism I hope will be of assistance to you.

Your Eminence:

I am a convert (15 years now!) a housewife, and mother of two children. I write you because I am disturbed by a notice I read in the Catholic Standard (page 5) on March 9th. It pertains to the Lenton Film Festival, and I enclose the clipping.

The reason I am disturbed is this: you will notice that each of the films to be shown deals with social problems ... some aspect in American life that is wrong, or has been wrong. Now, these things need to be looked at... but to be looked at during Lent under the guise of "spiritual growth" seems rather far-fetched.

You have many, many duties, I know. But I would hope that you have read, or will read, Masters of Deceit by J. Edgar Hoover. (My own copy cost only 50¢ in a paperback-Cardinal edition)..... It deals with the factual efforts and designs of Communism to undermine our American way of life.

I do earnestly and sincerely and respectfully plead with you to read Chapter 23 of this book. It deals with infiltrating churches. In my opinion, this is one of the ways it could be done: put on a film festival and call it a way of "spiritual growth" - and have it backed by people of unquestioned loyalty - and, if possible, get over the message of injustice in American life.

I hope you will consider the point I am making, Your Eminence. Please believe me: I am not against going to movies during Lent; I am not against any of these movies; I am not a Birch Society member nor a member of any rightist group. I am an individual housewife and Catholic, and this does not look right to me.

Yours very truly,

(Mrs.) [redacted]

Dear Mr. [REDACTED]

Your letter of March 2, 1962, with enclosure, has been received. It was certainly good of you to write concerning the Anti-Communism Information Center, and I am glad to know of its members' interest in distributing my book, "Masters of Deceit."

I have repeatedly stated that education is of strategic importance in the struggle raging between communism and the free world. It is from the atmosphere of creative thought, scholarly analysis and constructive dissent that the answer to communism will emerge. Our most effective course to defeat this atheistic conspiracy is to fight it with the weapon it fears most--truth.

Enclosed is some material on the general subject of communism I hope you will find of interest.

Sincerely yours,

J. Edgar Hoover

Mr. J. Edgar Hoover, Director
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Hoover:

There is an effort being made in St. Louis under the name Anti-Communism Information Center, which is supported by donations of local businessmen, to spread the true facts about communism. They have been sending your book, "Masters of Deceit" by mail gratis to selected lists of people.

Recently the idea has been conceived to put announcements on television stations quoting the statement which you make in your book, namely: "Every citizen has a duty to learn more about the menace that threatens his future, his home, his children, the peace of the world", and asking folks to drop a postcard to the Center for a free folder. A copy of the material in the folder is attached. You will note it is an attempt to sell folks on going into any of our local stores and buying the book "Masters of Deceit". We are already getting the okay of chain drug stores on this idea, who are agreeable to selling the book at their cost of 40¢.

I just wanted you to know what is being done because you may hear of it indirectly at a later date and be asked questions. For your information, the Center operates without profit, all finances and services being donated, including our own.

KNOWLEDGE --

OUR ONLY HOPE OF

VICTORY OVER COMMUNISM

America is YOU!

You and your country are Communism's No. 1 target because you and your country are standing in the way of Communist rule over the world.

But America can defeat Communism without firing a shot if it will become informed. This means you and your neighbors and your neighbors' neighbors coast to coast have a duty to learn about Communism's goals and methods. As you become informed you will see the ways and means of defeating this great evil.

Knowledge is Power!

There are many unbiased, non-political sources of information on Communism. But there is one source that stands out above all others, in our opinion. That source is J. Edgar Hoover, Director, Federal Bureau of Investigation. His 40-year study of Communism has been combined with his actual firsthand experience with Communists ... and out of it all came his great book, "Masters of Deceit".

Here is what others have said about "Masters of Deceit":

New York Times --

"Indispensable ... the most authoritative book ever written on communism in America."

Christian Herald --

"This is the most important -- indeed the most imperative -- book of the decade ... powerful and informative and up-to-date."

Philadelphia Inquirer --

"Every thinking, patriotic American should give heed."

62-104277-2617
ENCLOSURE

Mr. Hoover states: "Every citizen has a duty to learn more about the menace that threatens his future, his home, his children, the peace of the world -- and that is why I have written this book."

This book contains facts that Americans do not know about communism.

This is the expose of the Communist Party from its beginning down to the present. It tells who the communists are, what they claim to be, why people become communists and why they break away from the Party.

Here is the picture of what life is like within the Party -- the inside story of communist strategy and methods of mass agitation, the inner workings of its espionage and sabotage activities.

Here is the vivid and shocking picture of what this country would be like under a communist system, and what you can do to fight this ever-present danger.

All We Need Do
To Become Slaves
Is Do Nothing!

Communism's goal is world domination.

Communism is an ever-present force. It's goal is world rule. It won't quit or go away. It must be stopped or it will win. If we know not, resist not, we will lose our freedom by default.

Action is needed. Action requires authentic information. Once you are fully informed, you'll be amazed how clearly the lines of correct counteraction will form in your mind. Common sense will reveal them.

Your first installment of knowledge -- Hoover's "Masters of Deceit" -- awaits you at your nearest book store. As their contribution to the cause of Freedom, Glaser Drug Stores are selling this book at cost -- just 40¢.

By letter 3/9/62, Legat, Rome has furnished a copy of the Italian version of "Masters of Deceit" which is entitled "L' FBI Contro Il Comunismo" and is published by Editore Sugar. Legat, Rome further advises that the 100 copies purchased by his office amounted to \$362.32, which has been paid.

Italy
You will recall that in late 1960, CUSIS began negotiations with Editore Sugar to have the Director's book published in Italian. The USIS agreed to purchase 500 copies of the Italian version, and asked that the Bureau make a commitment to purchase a number of the books. By letter 11/8/60, the Director advised Legat, Rome that his office was authorized to purchase 100 copies at the price of \$4.00 per copy; Legat, Rome was instructed to forward the bill to the FBIRA at Bureau Headquarters for payment. We, of course, gave our permission for Editore Sugar to translate the book, as did the publisher, Holt, Rinehart and Winston, Inc. We also gave permission for them to use the title as set forth rather than the Italian translation of "Masters of Deceit."

I am always glad to hear from young people who express an interest in learning the true nature of the evils of communism. I feel it is vital that we gain a broad knowledge of the origin, aims and methods of this menace in order that we may clearly see how our system of justice and individual opportunity differs from the atheistic and purely materialistic doctrines of communism. The young men and women of today who mature with strong minds, courageous hearts and ready hands can help defeat communism with the weapon it fears most--truth.

MM 66-2541

On October 30, 1961, Mr. and Mrs. [] voluntarily came to this Office. They both stated their emphatic opposition to Communism and FIDEL CASTRO. Mr. and Mrs. [] expressed great admiration for the United States and Mr. [] expressed the hope the United States would soon directly intervene in Cuba and regain the island for democracy. At this time, they stated their great admiration for the Director and the FBI. They stated the purpose of their visit was to clarify their association with [] whom they had met only once socially at a Christmas party in Nassau. On this occasion, Mr. [] completely disagreed with pro-CASTRO statements of [] and an argument ensued. Mr. and Mrs. [] also furnished information regarding the pro-CASTRO attitude of [] who at that time resided in Nassau, and who has since returned to Cuba.

During the interview, Mr. and Mrs. [] seemed most sincere in their denunciation of Cuba.

It is requested, if possible, an autographed copy of the Director's book be furnished which will be given to [] on one of his frequent trips to Miami. If not feasible to furnish an autographed copy, an unautographed copy will suffice.

Dear Mr. Hoover:

The autographed copy of your book, "Masters of Deceit", has been received through our mutual friend, [redacted] I have finished reading it and sincerely believe that you have put a true perspective on Communism and the Communist Party.

If the American people are kept aware of this insidious and dangerous conspiracy, then Krushchev's prediction will be as wrong as any ever made by a political sychophant.

I again want to thank you for this fine gift.

Dear Mr. [redacted]

Your letter was received on March 19, 1962, and I want to thank you for your kind comment concerning my speeches and for your interest in my book, "Masters of Deceit." It was good of you to afford me your views and observations on the matters you discussed.

With respect to your inquiry regarding my article which appears in the February, 1962, issue of the "American Bar Association Journal," I had in mind those individuals who have not taken the time to inform themselves about the strategy, fallacies and aims of communism. Too often such individuals are motivated by an incorrect understanding of the true facts which, of course, leads to false judgments and erroneous conclusions. In view of your interest, enclosed is a complete text of this item, together with some other material I hope will be of value to you.

In addition, I would like to point out that the FBI is strictly an investigative agency of the Federal Government and neither makes evaluations nor draws conclusions as to the character or integrity of any organization, publication or individual. Therefore, I am unable to assist you in the definitions you desire.

Sincerely yours,

Dear Mr. Hoover,

I have read many of your excellent speeches and your fine book "Masters Of Deceit" and have done my best to promote the sale and reading of the latter, several hundreds of copies to be specific.

It is disturbing to me to see the Lefties quote you, mostly out of context. There was some recent remarks of yours about the dangers from the "right" or from amateur anti-communists. I have mis-placed the newspaper clipping I regret to say and I especially would not want to mis-quote you. In these crucial days we find the newspapers and T. V. joining in in blasting the "extremists", "ultra-rightists" etc, but blasts on the communists & fellow-travelers are becoming rarer. Those who try to warn of the communist menace are now subject to being smeared as "Birchers" even if they do not even know of the John Birch Society. A few years ago they would have received the same treatment, only then they would have been "McCarthyites".

Strangely enough, although the term "Rightists" is is being bandied around with great frequency and from a wide variety of sources, not one of its users has bothered to define its meaning and it has thus become a handy tool for the Leftists (Communists and Fellow-Travelers) to hurl at concerned Americans who dare to raise their voices against Leftism.

I therefore hope that, busy as you are, you might give me a definition of this term. I cannot even find it in two thick library books I have on Political Science.

I always thought that the "right" meant dictator- governments and that these are centralized-power governments. But in actual practise it is on the Left (i.e Communism and socialism) where we find this type of government. As far as I can find out all of the so-called "Rightists," from the John Birch Society on down to the last "unjoined" individual anti-communist- American, vehemently oppose big, centralized government By "big" government, I refer to the amount of power wielded in numerous phases of our society,

regardless of the actual number of men wielding that power.

Dear Mrs. [redacted]

Your letter of March 18th has been received, and I want to thank you for your kind remarks and prayers. My book, "Masters of Deceit," was written with the hope that it would help Americans gain insight into the true nature of communist activities in the United States. I am glad you found it enlightening.

I firmly believe it is vital that each of us make a determined effort to gain a broad knowledge of the objectives and operations of the communist conspiracy so that we may effectively resist its influence. At the same time, it is imperative that we remain calm, rational and thoroughly accurate in what we say and do in opposing this menace. This is no time for rumors, unfounded suspicions, gossip or the hurling of false accusations.

Although I would like to be of further service, the FBI, as an investigative agency of the Federal Government, does not make evaluations nor draw conclusions as to the character or integrity of any organization, publication or individual. I trust you understand the necessary reasons for this policy which precludes me from making the comment you requested.

Enclosed is some literature I thought would be of interest to you, together with the item you requested.

Sincerely yours,

Dear Mr. Hoover,

Several months ago, I was fortunate enough to read a copy of your book, Masters of Deceit. I must say that I was shocked at the methods and motives of the Communist Party. Being a seventeen-year-old high school junior, I realize that there is little that I can do, except watch and listen for those who deviate, particularly those in the teaching field, where I am most likely to come in contact with them. My father, Elmer Fred Swint, a former Special Agent, has told me time and time again that an alert citizenry is invaluable. Masters of Deceit made me an alert citizen.

I have always been an admirer of you and the Bureau. I have a request to make of you, and hope that it will not be an imposition. If you would send me an autographed picture of yourself, I would be eternally grateful. Such a gift would be treasured forever.

Dear Mr. Hoover:

As a pastor I am vitally interested in an aggressive and constructive means of stopping the advance of Communism. I have spent a couple of months in intensive study, one week at the Civil Defense Religious Affairs school in Brooklyn, and have brought a series of messages to our people from the results of my study.

May I request any material that you might have on the subject, especially dealing with "Front" organizations. What about "Radio Free Europe"? Can we safely support it? I have a pamphlet by Fred C. Koch entitled, A Business Man Looks at Communism. Are you familiar with it and if so do you deem it factual?

I have read Masters of Deceit and have a copy in our Church library. Thank you for this fine presentation and for all that you are doing to help preserve freedom.

Dear Mr. Hoover,

Because Communism is a constant threat to the freedoms of the American people, the evils of it should be revealed. In your book, Masters of Deceit, you accomplish this task.

Thank you for writing this book. If more such information were brought to the attention of the American public, perhaps Communism would soon disappear here in America.

I was surprised to learn of how the Communists treat a human being and of how they order men to leave their wives and families.

Equally surprising to learn was that the number of men and women from America who join the party and thereby show preference to these atheistic and inhuman doctrines over American freedoms is so great.

The facts and statistics contained in your book were informative and interesting, and I learned a great deal from reading about them.

Thank you again for writing this fine book.

Sincerely yours,

Dear Mrs. [redacted]

I have received the letter of March 12th from you and your husband, and it was good of you to write as you did. I appreciate your kind remarks concerning my administration of the FBI and your interest in my book, "Masters of Deceit."

It is always reassuring to hear from citizens who demonstrate an awareness of the evils of communism and who desire to combat this threat to our freedoms. A broad knowledge of the ideology and operations of the communist movement is essential if the American people are to effectively resist its eroding influence.

With regard to the matters you discussed, I would like to point out that the Communist Party in this country has attempted to infiltrate and subvert every segment of our society. However, the Party's efforts are being thwarted by the FBI's internal security programs, by investigation, arrest and prosecution of Party functionaries, and by widespread, intelligent public opposition to the Communist philosophy. These achievements are being accomplished through orderly, legal procedures.

In view of your concern, enclosed is some material I hope will be of interest to you.

Mr. J. Edgar Hoover
Director,
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Hoover:

We are confused! We have read your book, MASTERS OF DECEIT, W. Cleon Skousen's THE NAKED COMMUNIST, Cardinal Cushing's booklet "Questions and Answers on Communism," many other books, numerous government publications based on testimony before investigating committees, and attended numerous lectures, all on the subject of Communism. Now comes along a booklet entitled "Communism: Threat to Freedom" by Fr. John F. Cronin, S.S. of the National Catholic Welfare Conference. The main objective of the booklet, according to a newspaper article, is to assure Catholics that the Communist threat is "almost exclusively external" and that "those who concentrate on the menace of internal subversion are fighting the wrong war at the wrong time." (Quote from the Los Angeles Herald Examiner, March 1, 1962.) In addition, on two separate occasions when visiting Los Angeles, Attorney General Robert Kennedy has alluded to the "fact" that there is no internal Communist problem in the United States.

Mr. Hoover, we recognize you as the authority on Communism. We are not witch hunters; we are simply dedicated Americans (and good Catholics). We have been working very hard trying to awaken our apathetic friends and neighbors. My husband has led two discussion groups which are still functioning on a monthly basis, and one other group. Several new groups have started from these groups. Now we are wondering - can we go back to sleep? Is the internal problem so small that our only responsibility as citizens is to possibly keep one eye open on foreign policy matters and the other back to normal living? It would be a great relief to put aside the labors of anti-communism. We would appreciate your advice on our dilemma.

Sincerely,

SUBJECT: PUBLICATION OF "MASTERS OF DECEIT"
 THE EVENING COURIER
 PRESCOTT, ARIZONA
 MR. OTTO REYNOLDS

At 9:30 p. m, 3-21-62, Mr. Otto Reynolds, General Manager and Editor of the Prescott (Arizona) Evening Courier, a very friendly newspaper, telephoned Wick. Mr. Reynolds stated that Dr. Fred C. Schwarz had approached his paper relative to selling a lengthy series of articles relating to communism. Additionally, the paper has been requested by Schwarz and others to publicize extensively meetings in Prescott planned by Dr. Schwarz in the near future.

The purpose of Mr. Reynold's call was to determine the background, standing and the FBI's appraisal of Dr. Schwarz. Mr. Reynolds said he had the distinct impression from personal contact with Schwarz and reading that Dr. Schwarz and his Christian Anti-Communist Crusade is essentially a personal fund-raising program for Dr. Schwarz. He asked if we could comment since the paper did wish to do something to fight the menace of communism and alert the people in his area.

Wick told Mr. Reynolds that the FBI could not comment one way or the other. After considerable talking with Mr. Reynolds wherein the above was pointed out, Wick suggested that one of the most useful printed and authentic series from the standpoint of public service the paper could utilize would be the publication, in series form in its entirety or through excerpting, of "Masters of Deceit" by Mr. Hoover. Mr. Reynolds stated he thought this was a good idea and wanted to know to whom he might make his wishes known. Wick told him Mr. Hoover certainly would have no objections and the name of Edgar T. Rigg with address was supplied to Reynolds who said he would contact Rigg.

BACKGROUND OF PAPER AND REYNOLDS:

We have no identifiable reference to Reynolds in Bureau files. We have over the years, enjoyed extremely favorable relationship with the Prescott Evening Courier which, in 1958, was purchased by a Yuma, Arizona, group. It is the oldest

daily newspaper in Northern Arizona. Our last contact was with [redacted] in 1958 when the Director on several occasions wrote him concerning favorable editorials about the FBI. Our relations with this paper extend back to 1936. All are favorable. b6 b7C

DEVELOPMENT:

At 5:45 p.m., Thursday, 3-22-62, Mr. Reynolds telephoned Wick stating he had talked with Rigg, having located him on a golf course in Miami. Rigg promised 1,000% cooperation, stated he was definitely in favor of publication of "Masters of Deceit," would not charge the paper anything for such publication provided credit was given to Holt, Rinehart and Winston, Inc., as the publisher. He suggested that ample credit be likewise given to Mr. Hoover. Reynolds felt quite elated at this turn of event and said he and the newspaper officials would like to start publication sometime next week of either selected excerpts or "Masters of Deceit" in its entirety. He visualized a series of some 12 to 18 articles on a daily basis. He said he will carry this on the front page. He said he would like to have a statement from Mr. Hoover, if the latter agrees, setting forth why the book was written, what it states generally, what it is designed to accomplish in America and perhaps a commendation to the paper for printing it. He will place such a statement in a box on page 1 of the Evening Courier the day before publication starts next week. He said he hoped the publication would result in increased book sales and he said he knew the people of Arizona would herald this publication as a contribution to the fight against communism.

Mr. Reynolds has the greatest respect and admiration for the Director and during his conversation with Wick stated Mr. Hoover was, in his view, the greatest man in America. Mr. Reynolds' name has been added to the Special Correspondents' List.

RECOMMENDATIONS:

(1) That an autographed copy of "Masters of Deceit" be forwarded to Mr. Otto Reynolds.

(2) That the attached letter to Mr. Reynolds, enclosing a statement, to be utilized in connection with publication of "Masters of Deceit" be forwarded.

Congressman Sheppard attempted to contact the Director telephonically at 12:18 PM today. He refused to talk with anyone else. Pursuant to instructions, I telephonically contacted the Congressman at 3 PM, told him the Director was out of the office and upon calling in had instructed me to ascertain if I could be of any service to the Congressman.

Congressman Sheppard was most appreciative of the quick response to his call. He stated since calling for the Director, he had received another long distance call from his district in California which completely cleared up a situation that he desired to talk with the Director about. He stated the problem had been completely handled and there was no need to bother the Director.

The Congressman and I had discussion in general about a number of other matters and he asked that I drop by his office in the near future.

We have had cordial relations with Congressman Sheppard. He supported the FBI Retirement Bill. In June, 1949, the Director lunched with him in the Attorney General's office. He told the Director at that time of the desirability of new members of Congress taking the FBI tour with their families upon arriving in Washington. A former employee of the House Appropriations Committee in 1960 made allegations against Congressman Sheppard stating he was an alcoholic and had illicit affairs with many women. The source further stated that Congressman Sheppard had obtained large sums of money from wealthy persons in California for campaign expenses at times when no campaign was being conducted. The Department indicated no action was to be taken in so far as investigation of these charges was concerned. There was no verification of the charges. The source additionally made charges against her husband who she claimed beat her often. There is no other information in Bufiles to verify these allegations.

It was written in the hope that it would become a basic text for those desiring to learn the true nature of the communist menace and I trust you have found it of value.

It is a pleasure to learn of your interest in law enforcement. Most certainly, youthful criminals, who fill the newspapers with headlines, obscure the fact that many persons your age are seeking a future of service to their community and country.

I am enclosing some literature relative to the work of the FBI, together with some wanted flyers with photographs of two of the individuals you mentioned. Dear Miss [redacted]

Your letter of March 28, 1962, has been received, and I want to thank you for your very kind remarks concerning my book, "Masters of Deceit."

It is always reassuring to hear from students who demonstrate an awareness of the evils of communism and who desire to combat this threat to our freedoms. Education is of strategic importance in the struggle raging between communism and the free world. It is from the atmosphere of creative thought, scholarly analysis and constructive dissent that the answer to communism will emerge. It is imperative that students and educators direct their attention to effective solutions to those human problems which divide us and invite communist exploitation. The young men and women who mature with strong minds, courageous hearts and ready hands will share the opportunity to defeat this conspiracy with the weapon it fears most--truth.

In accordance with your request, enclosed is some material I hope will be of assistance to you in your study of the menace of communism.

Sincerely yours,

Dear Mr. Hoover:

Please accept my sincere appreciation for inscribing to me a copy of your book MASTERS OF DECEIT. This book will always be a treasured volume in my library. I have already thanked Miss [redacted] who works in the Omaha office of the FBI, for her kind efforts on my behalf in this matter. Miss [redacted] is a member of my congregation.

In 1917-18 no one, except perhaps the Masters of Deceit, had the faintest idea that once sound and solid nations could ever come under the savage barbarism of anti-God dictatorships. May God continue to bless your efforts and the efforts of free men everywhere so that Communism will not only be stopped, but ultimately wiped from the face of the earth. The world situation has degenerated to such a level that mankind will not be able to draw a breath of free air until Soviet Communism is exterminated.

With every good wish and God's blessing, I am

When We Walk with the Reformers

NO MAN is worthy of greatness who wants disciples. Only a Nero or a Hitler wants the fawning adoration of followers. We would dishonor a Luther or a Paul if they were to be our masters. Only One is Master, Christ Jesus. We honor Luther only to the degree that we honor his Master, and become His disciples.

The American Lutheran Church bears the name of Luther, but it is not Luther's Church. It is the Church of Christ. We are not summoned to emulate or follow Luther. We are called to follow Jesus of Nazareth, whom Luther followed and whose Church recovered some of its precious treasure under the providential discipleship of Luther.

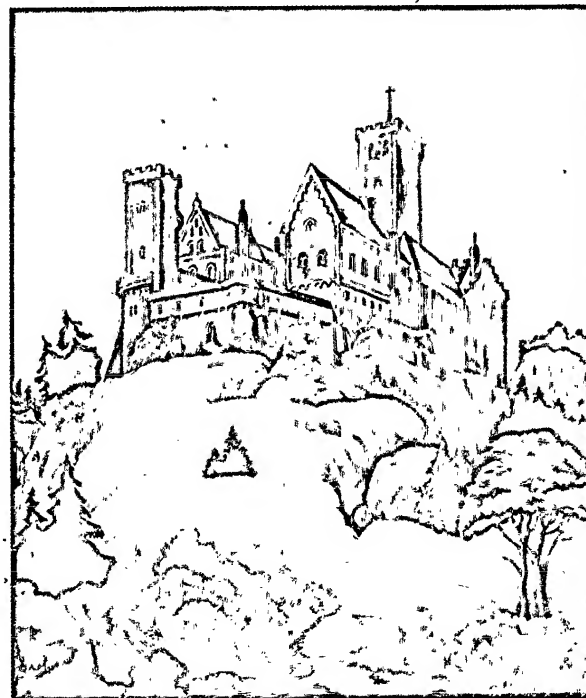

The Reformers of four centuries ago walked a path worthy of our walk. We can walk with them in honor.

We will then walk within the Scriptures. Neither the traditions nor wisdom of men will be our guide. We will look to the Holy writers for God's Word to us and to the world.

We will walk in the grace of our Lord. Our peace of heart will not come from the impressive catalog of our own good works. Our eyes will be turned upon the great, good work of Jesus Christ. His life, death and resurrection provide the righteousness which, in trusting Him implicitly, becomes our righteousness. His assurance, "Thy sins are forgiven," becomes our peace.

We will walk in the terrifying responsibility of priests. Each of us is a priest, to bear the burdens of one another and to intercede for one another. We cannot pass the buck to a pastor or a bishop or a pope. There is but one Mediator, or go-between, and He is Christ Himself.

We need not wave flags for the Reformation or for the reformers. Bearing the name of one of them, Martin Luther, we ought to know something about the path he walked and then have the courage to walk with him.

Dear Mr. [redacted]

Your letter of March 28, 1962, with enclosures, has been received, and I am glad to know of your interest in my book, "Masters of Deceit."

With respect to your discussion concerning my article in the February, 1962, issue of the "American Bar Association Journal," I would like to point out that I emphasized the need for Americans to proceed against the menace of communism within the framework of law and order inasmuch as any action outside the spirit of our heritage will injure rather than aid our cause. My statements actually reiterated the position I have maintained in the past on this topic and which I set forth in my book, "Masters of Deceit."

In this regard, I had in mind those individuals who have not taken the time to inform themselves about the strategy, fallacies and aims of communism. Too often such individuals are motivated by an incorrect understanding of the true facts which, of course, leads to false judgments and erroneous conclusions. In view of your interest, enclosed is a complete text of this article, together with some other material I hope will be of assistance to you.

Sincerely yours,

The Communist Party Line

NOTE: Bufiles contain no identifiable information concerning correspondent. His enclosures included an editorial from the Michigan City "News-Dispatch" regarding the Director's article in the "American Bar Association Journal" and Father John F. Cronin's recently published book. The other enclosures were an article from "Our Sunday Visitor," pertaining to Father Cronin's book and a list of publications on the subject of communism.

Mr. J. Edgar Hoover
Federal Bureau of Investigation
Washington, D. C.

Dear Sir,

In my opinion, there is no one more able or better positioned than yourself to really do this country a service. Your book "Masters of Deceit" was one such venture, but only a small percentage of our population read books. What you say through the press carries infinitely more weight. Your integrity and moral courage are unquestioned. Therefore, when you do voice an opinion it is a powerful weapon, both for and against!

Lets review a statement you recently made concerning anti-communists. This statement, has caused more consternation and in my opinion, actual harm, than I can tell you. Please read the enclosed clippings. The communists want us to stay in a state of neutrality. They don't want us defensive, rather, they want a "neutral" opponent. Look at the list of literature enclosed. These are the books and references that many study groups in our area are using. When one completes this study, he probably knows more about the communist mind and ambition than any other random group of 1000 people. He is actually an expert, in a sense.

I was a training officer in the army, prior to the Korean conflict, teaching classes on Communism and its evil. I've studied the subject extensively over the last 10 years; and, though I am not associated with any one group, I have worked at random trying to educate my community on the dangers of internal communism. Think what your statement does to my stature when reviewed by a "neutral" neighbor. I immediately become a radical, an extremist. I deny this emphatically. I deplore the actions of the vocal few, just as you. Whether you meant them to be or not, your words are being used by Anti-Anti-Communists to great advantage. General statements are just what the communists are looking for. They can be twisted. You must be specific and exclude the

hard working, quite, dedicated American from being included, by association, with a few radicals. I understood your statement, but look what the groups that want it misunderstood have done with it!

The Editor of our local paper was called on this editorial; and he says it came off the wire service from Washington, D.C. I have also talked with him personally concerning these editorials and I suggested he follow them up with a constructive editorial on what people can do to become better informed. To date he has not done this. He has also admitted he has not read "Masters of Deceit" nor any Government publications on Communism. He appears to be indifferent on the subject. This is certainly doing an injustice to many people in our community.

Articles like Father Cronin's are again confusing the American people. You write a book concerning the Communist party in this country and its aims. Father Cronin says the Red threat is external not internal. Are we to believe your book is fictional? I think any intelligent person can see that the Red threat is external and internal.

I hope that you will be able to find an answer to this kind of editorial and that you will speak out on behalf of the many citizens who are trying to become better informed.

Most Sincerely,

100 Gardena St.

No Amateur's Game

From two totally different quarters, men who make a specialty of studying communism are beginning to suggest that we have too many self-styled "experts" on the subject.

One is FBI Director J. Edgar Hoover, whose credentials in this field hardly need emphasis.

The other is Father John F. Cronin, assistant director of the National Catholic Welfare Conference's Department of Social Action. "Communism: Threat to Freedom," his second book in the field, is drawing deserved attention.

In the American Bar Assn. Journal, Hoover says:

"Today far too many self-styled experts on communism are plying the highways of America, giving erroneous and distorted information.

"This causes hysteria, false alarms and misplaced apprehension by many of our citizens.

"We need enlightenment about communism, but this information must be factual, accurate and not tailored to echo personal idiosyncracies."

Father Cronin, in his new book, likewise cautions Americans to be wary of the self-appointed specialists, including some whose credentials look pretty satisfactory at a hasty glance.

In this category he would place some former agents of the FBI itself, some former FBI informants, and certain persons

who have had first-hand contact with Communists as either party members or victims.

Cronin argues that unless a former FBI man specialized in subversion, his agency experience does not qualify him as an expert. The value of one-time informants would be considerable, he suggests, only where they were placed close to top Red sources in years more recent than 1955. Things change fast.

As for defectors or victims, the measuring rod is much the same. The big questions are how up-to-date and accurate their information is. Like Hoover, Cronin thinks much of it old and misleading.

This is not the first time the FBI chief has spoken out on this matter. A year ago, in a message to law enforcement officers in the United States, he said Americans need to understand communism, but added:

"This cannot be achieved by daydramatizing at the spring of knowledge. It can only be accomplished by dipping deeply into thoughtful, reliable and authoritative source of information."

Next time you see somebody get up and offer himself as an expert on communism, find out just how solid his background is, and how current his information.

And remember that you have some quite unassailable specialists standing, in effect, at your shoulder and advising such caution.

Private Anti-Communist Crusades Called Rackets

Washington — (NC) — A priest-expert on communism charged here that most extremist anti-communist crusades operating today are "financial rackets."

"I am convinced that three-quarters of these groups are in it for the money," said Father John F. Cronin, S.S., assistant director of the Social Action Department of the National Catholic Welfare Conference.

The Sulpician author of numerous analyses of communism, made his remarks while outlining for newsmen the contents of his new booklet, "Communism: Threat to Freedom."

THE BOOKLET, he said, marks the "beginning of a campaign for sanity" in recognizing the perils of communism. Total distribution of the publication is expected to be between 500,000 and 1,000,000 copies, he said.

"We expect quite a bit of use of it in schools and parish groups," he said. It is published jointly by the NCWC publication office and the Paulist Press, New York.

FATHER CRONIN told reporters one reason for the booklet was the requests made by several bishops concerned about claims that a "sizable number of Catholics" are being attracted to extremist groups.

Emphasizing the booklets' argument that the major Red threat to the United States is external, not internal, he said the so-called anti-communist crusades are "fighting the wrong war, at the wrong time, at the wrong place."

Father Cronin said there is "every evidence" of an "interlocking directorate" among major extremist groups and that there are now at least 50 groups "extremist enough to make a splash."

HE SAID the primary group defended in his booklet from charges of being either Communist party members or sympathizers in the Protestant clergy.

Communist influence among Protestant ministers is virtually nonexistent, he said. Charges by some extremist groups, that 7,000 ministers—or about three per cent of the total—are Reds or sympathizers is "gross distortion" of a list made up of ministers who signed petitions deemed by the accusers to be Red-sponsored, he said.

HE DEFENDED specifically the National Council of Churches, the nation's largest federation of Prot-

estant and Orthodox bodies, calling it "a patriotic and responsible organization."

Asked about the claim of Robert Welch, head of the John Birch Society, that about 40 per cent of its membership is Catholic, Father Cronin said no figures are available to dispute this.

"But," he added, "it does not square with the geographic strength of the society. It is not as active as it would be in Catholic areas if this were true."

GROUPS he specifically classified as extremist, in addition to the Birch Society, were the Cardinal Mindszenty Foundation, the Circuit Riders of Cincinnati and the Christian Crusade of the Rev. Dr. Billy James Hargis of Tulsa, Okla.

Of the Mindszenty group named for the famed Hungarian patriot who is in the American legation in Budapest, he commented that its stated aims are good, but "when it crops up in practice it is a Catholic version of the John Birch Society."

"**IT IS NOT** an official organization in any diocese I know," he said.

Of another group, the Christian Anti-Communist Crusade operated by Fred Schwartz, Father Cronin said it is "more ambiguous" than the others because half of the speakers at its "schools" are reputable, while the other half are "doubtful."

"The Birch Society moves in to capitalize on the ferment it stirs up," he said.

FATHER CRONIN listed three types of "experts" on communism whose credentials he said should be examined carefully. They are former FBI agents, former FBI informants and victims of communist persecution.

It does not follow, he said, that a person becomes an expert on communism by being attached to the FBI or suffering persecution. Some former FBI agents involved in today's anti-communist crusades never had a direct part in the Federal agency's efforts against Reds, he said.

Hon. J. Edgar Hoover
Director of the F.B.I.
Washington, D. C.

Dear Director:

Your autographed copy of "Masters of Deceit" was received by me and I must confess that I had already read it but your autographed copy shall be one of my treasures.

I had the occasion to visit the home of the Attorney General, Jack P. F. Gremillion, just a few days ago and found one of his children making a report for his school about Communism and he was using your "Masters of Deceit" to perfect his essay. If only every American could read and heed the message you have put forth it would do much to stop the Red movement.

With kindest regards, I remain,

Yours sincerely,
